FOURTH RIB IS FRACTURED

No Complications Have as Yet Ap-
peared and Bullet Will Not Be
Disturbed for the Present, Say Sur-
geons—Crisis Is Expected Friday.*****
The physicians in attendance
on Colonel Roosevelt report
that the wound is healing nor-
mally and without infection,
but say it will be Friday before
the crisis will be reached.
There are no dangerous symp-
toms at present, but if any
are noticed the public will be
informed immediately.

Chicago, Oct. 17.—The bullet wound
inflicted in Colonel Theodore Roose-
velt's chest at Milwaukee Monday
night, it was announced, is healing
normally without infection. The state-
ment that no complications have
shown themselves was made after a
day in which the first successful X-
ray picture which has been made of
the wound in the colonel's chest was
examined by the surgeons. The fact
was developed that the assassin's bul-
let fractured the colonel's fourth rib.
The missile remains imbedded, appar-
ently, in the bone. The fracture, how-
ever, it is stated, will not affect the
treatment in any way, but will be al-
lowed to heal untreated as will the
wound.A description of the wound by Dr.
W. B. McCauley is the first to be
given the public by the surgeons. He
said that the bullet's path through
the muscles of the chest is lacerated
to some extent by the battered lead,
but that there was little contusion and
no extensive area of bruised and ex-
travasated surrounding tissue.

Bullet Did Not Mushrooms.

"The bullet did not mushroom, as
might have been expected," Dr. Mc-
Cauley said. "For that reason it cut
a comparatively small hole in the skin
and did not reduce a large portion of
the nearby tissues to pulp, as is the
case in a soft bullet that mushrooms
in animal tissue after it hits a bone. I
think the bullet of papers checked it,
and the spectacle case, for some reason,
failed to spread the bullet much."
"The wound is about big enough to
put your finger in at the surface, and
it does not appear to get very much
bigger. I would call it a clean wound.
The skin is torn at the surface in a
ragged way, but not badly, and there
is little bruising.""There is not a sign of suppuration
in the wound. The flesh is in good
condition and seems to be healing
without any evidence of complication.
If there were pus forming deep in the
wound we would know it at once by
an unusual rise of temperature."Dr. McCauley added that it is now
certain from the X-ray pictures that
the bullet has not entered nor injured
the plural cavity, removing a grave
possibility in the case.

Plural Cavity Uninjured.

Dr. McCauley added that it is now
after leaving the colonel's room and
after a consultation with the other
surgeons. He confirmed previous an-
nouncements that no attempt would
be made at present to remove the bul-
let, which is not expected to hinder
the healing of the fractured rib.Colonel Roosevelt spent a pleasant
day chatting with Mrs. Roosevelt, and
with his daughters, Mrs. Longworth
and Miss Ethel and with Theodore,
Jr., and Nicholas Longworth, his son-
in-law, all of whom visited him and
stayed as long as Mrs. Roosevelt
would allow. She has established her-
self in the room next to the colonel's,
and will stay there as long as he is
in the hospital.

ENGLISHMEN GET CONTRACT

Navy Department Will Save Money
by Dealing Abroad.Washington, Oct. 17.—A contract
for part of the armor piercing shells
for the United States navy, on which
the Hatfield Steel company of Eng-
land recently underbid all American
competitors by nearly \$200,000 on less
than \$1,000,000 contract for 2,000 four-
teen-inch shells, and by about \$300,-
000 on a contract of about \$1,000,000
for 2,500 twelve-inch shells, will be
awarded to the English concern, it
is announced by Acting Secretary
Winthrop. Just how many shells will
be made by the English company has
not been decided, but it is said only
enough will be contracted for to serve
as a test.It has been the policy of the navy
department to award its work to home
concerns, even if the bid was slightly
above some foreign offer.Jefferson City, Mo., Oct. 17.—The su-
preme court unanimously upheld the
right of the Progressive party to have
its state and presidential tickets
placed upon the official ballot.MONTENEGRINS
ALONE FIGHTINGIndisposition Shown by Bul-
garia and Servia.

WILL TEND TO SHORTEN WAR

King Nicholas Issues Proclamation
Urging Soldiers to Restrain Their
Impetuosity and Adapt Themselves
to Modern Conditions of Warfare.London, Oct. 17.—The Balkan fight-
ing remains limited to the Montene-
grin border and, although the relations
of Turkey with the other allied states
are virtually broken, there is a curi-
ous indisposition on the part of Bul-
garia and Servia to take a final place
in the hostilities.This hesitation is regarded in diplo-
matic quarters as a good omen, point-
ing to the possibility that the powers,
although unable to prevent, may suc-
ceed in lessening the duration of the
war. It is understood that most of the
powers have accepted in principle the
suggestion of the French premier for
an European conference, but nothing
has been decided upon as to when the
conference will meet or what its pro-
gram will be.The fact that Italy is now free to
enter the conference will greatly
strengthen the European concert and
is calculated to make the Balkan
states more amenable to European
pressure. The future status of Crete
under the new conditions, which it is
reported will be virtual annexation by
Greece, is now engaging the attention
of the powers.

Rumor Not Confirmed.

The rumor that Bulgaria has ac-
tually declared war has not yet been
confirmed. The Montenegrins, after
hard fighting have captured Berana,
but it is reported that there will be a
pause in the operations around Tush.
Undoubtedly this is due to the Montene-
grins realizing that they have paid
too dearly for their successes in heavy
losses of life.King Nicholas, accordingly has is-
sued a proclamation urging his sol-
diers to restrain their impetuosity and
adapt themselves to modern conditions
of warfare, which demand artillery
preparation before an attempt is made
to storm fortified positions. The Mon-
tenegrin Princes Danilo and Peter
have been active in the engagements,
personally leading their forces. Prince
Peter has been promoted to major for
gallantry.

SLUG DYNAMITE WITNESS

State's Attorney Asks for Government
Investigation.Kansas City, Oct. 17.—Harry E.
Pearce, who testified in the dynamite
conspiracy trial at Indianapolis Mon-
day, was slugged and robbed of \$5
here. He was found by a pedestrian
and taken to the city hospital, where
it was learned his injuries consisted
of a severe bruise on the head.Indianapolis, Ind., Oct. 17.—United
States District Attorney Charles W.
Miller telegraphed Attorney General
Wickersham, asking the department
of justice to make a rigid investigation
of the reported slugging at Kan-
sas City, Mo., of H. E. Pearce, who
testified on Monday as a witness for
the government in the dynamite con-
spiracy trial.When shown a message from Kan-
sas City that Pearce had been held
up and robbed Mr. Miller said his in-
formation had been such as to war-
rant him in sending to Washington a
request for an investigation.

RECLASSIFY FREIGHT RATES

Western Railroads Plan Considered
by Commerce Commission.Washington, Oct. 17.—Consideration
of the reclassification of freight by
the Western railroads which would
increase the rates on agricultural im-
plements, cordage, commercial acids,
candy, harness, paper, pottery and
scores of other articles, was begun by
the interstate commerce commission.
The increases generally are pro-
posed to be effected by classifying
articles on a higher basis than at
present and by changes in the trans-
portation regulations.While the change in classification
is suggested only by the Western
lines, the adoption of the rules and
rates would affect the entire country.

REMIT \$2,000,000 IN TAXES

Wisconsin State Board Makes Un-
usually Large Cut.Madison, Wis., Oct. 17.—Secretary of
State Fennell and State Treasurer Dahl
met as a state board to revise taxes
for the ensuing year. They decided to
remit \$450,000 for the state capitol
construction, approximately \$600,000
for normal schools and the state uni-
versity tax, estimated at \$1,100,000.
This makes a total remission of more
than \$2,000,000, \$1,000,000 more than
was remitted in 1911.

SENATOR BEVERIDGE.

Delivers Message of Roosevelt
to the American People.

COLONEL PUTS CAUSE FIRST

Beveridge Delivers Roosevelt Message
at Louisville.Louisville, Ky., Oct. 17.—Albert J.
Beveridge, former senator from In-
diana, brought to Kentucky Colonel
Roosevelt's message to the nation
dictated from the colonel's sick bed in
Mercy hospital in Chicago."It matters little about me," Col-
onel Roosevelt told Mr. Beveridge, "but
it matters all about the cause we fight
for. If one soldier who happens to
carry the flag is stricken another will
take it from his hands and carry it on."
"You know that, personally, I did
not want ever to be a candidate for
office again, and you know that only
the call that came to the men of the
sixties made me answer it in our day
as they did more nobly in their day."TEACHINGS OF OLD
PARTIES BLAMEDCause of Attempted Assassina-
tion Says Dickinson.Detroit, Mich. 17.—Don M. Dickin-
son, lifelong Democrat, postmaster
general under Cleveland, and once
chairman of the Democratic national
committee, sent a telegram to Col-
onel Roosevelt pleading his unqualified
support. The attempt of Roosevelt's
life Dickinson attributed to the "re-
actionary" teachings of both old parties.
The telegram to Roosevelt is as
follows:"I beg to tender you my heartfelt
sympathy and the expression of my
unflinching belief in your lofty aspira-
tions and acts for the benefit of the
republic. You have been the victim
of the reactionary teachings of both
old parties, which have led to your at-
tempted assassination. The country
needs you, and, separating myself from
past party associations, I pledge you my
earnest and unqualified support for
your second elective term as presi-
dent of the United States."

IS TIRED OF CURIOUS CROWDS

Schrunk Puts in the Day Writing
Says Report.Milwaukee, Oct. 17.—John Schrunk,
Colonel Roosevelt's assailant, wants to
be left alone. He is tired of the
crowds of curious persons who come
to gaze at him and want to ask ques-
tions. He says he wants to think
without the curious ones watching him.He put in most of the day writing,
but did not explain what he was writ-
ing about. Sheriff Arnold says he has
not attempted to pass anything he
has written out of his cell. Until he
does, the sheriff will not scrutinize
any written communications.

SAYS SCHRANK IS PARANOID

Allentown Thinks He Is Troubled With
Mental Disease.Milwaukee, Oct. 17.—John Schrunk,
Colonel Roosevelt's assailant, is a
paranoid, in the opinion of Dr. F. F.
Fowle, first assistant physician at the
Milwaukee county asylum for the in-
sane. Dr. Fowle bases his opinion on
letters found in Schrunk's pockets.
Paranoia is the mental disease from
which the slayers of Garfield, McKin-
ley and Mayor Carter Harrison, Sr.,
of Chicago, as well as Harry K. Thaw,
suffered. Many cases of the disease
are treated by Dr. Fowle every year.

STORM REPORTED IN TEXAS

Rumor Says Much Damage Has Been
Done.Dallas, Tex., Oct. 17.—Reports
reached here of a severe storm on the
Texas coast, between Corpus Christi
and Brownsville, a stretch of about
150 miles. The wind at Brownsville
was reported blowing sixty miles an
hour. The storm at noon seemed to
be working straight inland. The coast
line affected is sparsely settled.Houston, Tex., Oct. 17.—Reports cir-
culating here tell of big storm damage
at Brownsville. All efforts to reach
that point had failed up to noon.REPUBLICANS'

OTHER CAMPAIGNS RECALLED

Progressives Are Circulating Roose-
velt and Dixon Statements Made Be-
fore the Clapp Committee—Slayden's
Presence in Washington Indication
of Something Doing in Mexico.

By ARTHUR W. DUNN.

Washington, Oct. 17.—[Special.]—
The best argument which the Repub-
licans are putting forward during the
present campaign is the prosperity is-
sue, good times and warning the peo-
ple that the way to continue conditions
as they are at present is to keep the
administration in power. It is having
effect, too, according to reports from
various parts of the country.But there are many men who remem-
ber a similar state of things twenty
years ago. Harrison was a candidate
for re-election. His friends pointed to
the prosperity of the country, to the
good times, etc., and many of them
firmly believed that Harrison would be
re-elected. Yet the result was such a
sweep as had not happened since Grant
defeated Greeley in 1872. But, he re-
membered, half of the voters have
come into existence since that time,
and they are not voting on what oc-
curred a score of years ago.

Several Conditions Different.

It is well to remember in making
calculations, however, that while Presi-
dent Taft is opposed by a former
member of the Republican party run-
ning independent there are several dif-
ferent conditions now from those
which existed in the Harrison-Cleve-
land campaign.The great Homestead strike had
alienated workmen as nothing else
could. The Harrison administration,
through the Indian office, had grievously
offended the Catholic church, and
that great religious organization was
opposed to him. There were echoes of
the McKinley bill ringing throughout
the land, but that is something like
the same cry about the tariff and the
high cost of living now. Altogether the
conditions are much different.

Two Progressive Arguments.

While it is true that the Clapp com-
mittee did not get very much infor-
mation from either Colonel Roosevelt or
Senator Dixon regarding campaign
funds, it spread upon the govern-
ment records two excellent campaign
addresses for the Progressive cause.
Answering every question, Senator
Dixon pointed out what a great upris-
ing there had been for Roosevelt
throughout the country, while the col-
onel simply extended his views and
made a very excellent campaign
speech.The Progressives are now circulating
Dixon and Roosevelt among the voters
under the "franking privilege," their
talks in the Record having been made
frankable by being printed as a gov-
ernment document.

Something Doing in Mexico.

The impression was created in Wash-
ington the other day that there must
be something doing in Mexico. This
was caused by the presence of Con-
gressman James Slayden of the San
Antonio district. When this tall Tex-
an is seen in the vicinity of the state
war department it is a good guess
that there are movements of impor-
tance just across the southern border.
Slayden watches Mexican affairs
closely.

A Nervy Republican.

"I have got to go back home," re-
marked Congressman Slayden. "I must
look after affairs in the San Antonio
district. They have had the presump-
tion to nominate a Republican against
me, and I am going down there to see
what it means."And his listeners marveled. The idea
of any man running against a Demo-
crat in Texas is cause for laughter.
Years ago a Republican was elected
from the Galveston district, but that
was one of those freaks of politics
that we sometimes see. Most of the
Texas Democrats are immune so far as
Republican opponents are concerned.

May Get a Few Trusts.

Attorney General Wickersham hav-
ing had a pleasant summer vacation, is
reported to have returned to Wash-
ington for the purpose of battling a few
trusts over the fence. Wickersham
seems to have fooled all those who
predicted that he was not to do any-
thing which would hurt the big com-
binations. One thing that started a
movement against President Taft was
because there had been such vigorous
prosecution of the trusts, but the op-
position took a turn which the trusts
were not anxious to follow.

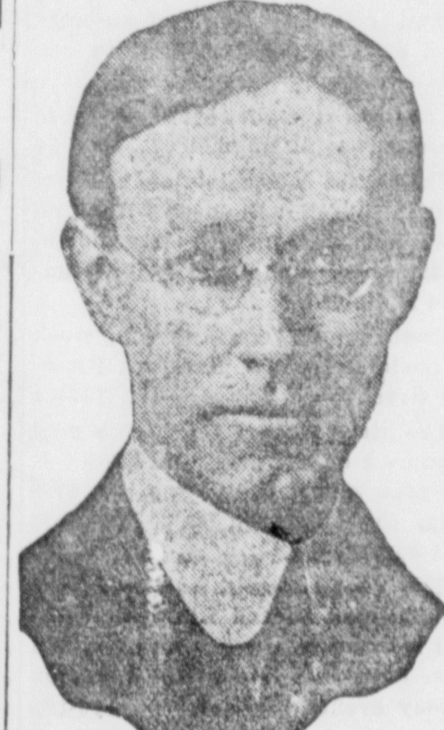

Why the Lawyers?

Ormsby McHarg told the Clapp com-
mittee that the money he spent for
Roosevelt in the south was among the
lawyers. Now, just why should the
lawyers have been selected? My own
idea is that McHarg being a lawyer
himself just naturally drifted toward
the legal profession when he was in
search of Roosevelt delegates in the
south. Besides many of those contests
had to be conducted in a manner to
have no legal irregularities when they
came before the national committee.

NEW PRESIDENT OF AMHERST

Alexander Meiklejohn Inaugurated
Head of College.Amherst, Mass., Oct. 17.—Dr. Alex-
ander Meiklejohn was inaugurated as
president of Amherst college with
ceremonies that were picturesque and
impressive. Prominent men gathered
from all over the country to attend
the exercises.The new president of Amherst was
born in Rochdale, Eng., Feb. 3, 1872.
He came to America when a lad of
eight and was graduated from Brown
university. Since 1897 he has been a
professor at Brown university, and has
been dean of the university since
1911.NEPHEW OF DIAZ TO
LEAD NEW REVOLTEnters Vera Cruz and Seizes
Arsenal and Gunboats.Mexico City, Oct. 17.—General Felix
Diaz, nephew of General Porfirio Diaz,
the deposed president of Mexico, has
raised the banner of rebellion at Vera
Cruz. He entered the city with 500
men and seized the arsenal and garri-
son, which comprised 500 of the Twen-
ty-first infantry and one six-gun bat-
tery.Diaz then placed men in charge of
the two gunboats, Tampoco and Bravo,
lying in the harbor.The news of the rising created ex-
citement here, although there were no
street demonstrations. Mexicans gen-
erally appeared elated at the new de-
velopments. According to the reports,
General Diaz found many adherents
when he entered Vera Cruz, including
some of the troops, but the govern-
ment has been informed that the Nin-
teenth infantry and the artillery re-
main loyal.The two forces are now in the city
of Vera Cruz and street fighting is im-
minent. President Madero has ordered
the mobilization of 3,000 regulars to
proceed against General Diaz. The ar-
rest of alleged partisans of Diaz in
Mexico City is expected momentarily.

Felix Diaz Junta in El Paso.

El Paso, Tex., Oct. 17.—A Felix
Diaz rebel junta has been organized
here. It was generally admitted
among rebel leaders and refugees that
the nephew of the former president
of Mexico would be most acceptable
to the revolutionary element as a pro-
visional president.

MAY MAKE ONE MORE SPEECH

Colonel Roosevelt Wants to Speak in
New York City.Chicago, Oct. 17.—The impression
is growing that Colonel Roosevelt
would be able to do little or nothing
more in the campaign. Although he
expressed the hope of leaving for Oys-
ter Bay Sunday, it is probable that he
will be compelled to remain in the
hospital for at least a week longer,
and that after his arrival at home he
will not be permitted to plunge into
the campaign again.It is Colonel Roosevelt's desire to
make at least one more speech be-
fore election day, and that in his own
state of New York. If he can do noth-
ing else, he hopes to speak in Madison
Square Garden.

of Governor Wilson from the political
platform will not affect the activities
of Governor Marshall and Governor
Johnson, the vice presidential candi-
dates respectively on the Democratic
and Progressive tickets.The Democratic national campaign
committee, in session here, advised
Governor Marshall to continue his
Western tour and Progressive leaders
are figuring out the possibility of hav-
ing Governor Johnson fill the most im-
portant engagements Colonel Roose-
velt has been forced to abandon.WIDOW ON STAND

the front wheels passing over his
body. Pedestrians saw the man fall
from the seat and notified the police.

geon Schnacke, but the man was so

ed Ten Innings.Boston, Oct. 17.—The Boston Red
Sox, pennant winners of the American
league, are the world's champions of
1912. Defeating the New York Na-
tionals in the final game by 3 to 2 in
ten innings of a bitterly fought strug-
gle, they captured their fourth vic-
tory of the world's series and carried
off the premier honors in baseball.The Glants won three games of the
series that was played before more
than a quarter of a million people,
and one contest was a tie. The total
receipts for the eight games were
\$490,833, and each Red Sox player
received \$4,024, while the Glant play-
ers each came in for \$2,566. The

\$12,000,000 BOND FORGERY

Affair Will Cause Widespread Disas-
ter in Europe.London, Oct. 17.—A late Brussels
dispatch to the Daily Mail tells of the
discovery of forgery in railroad bonds
amounting to more than \$12,000,000.
The affair will cause widespread ruin
in Belgium, Paris and Lille. A large
part of the investors were persons of
small means and their entire wealth
was wiped out. A stock broker who
lost \$200,000 by the forgeries com-
mitted suicide by shooting himself.The forged bonds were on the Ghent
and Terneuzenrick, the only non-
state line in Belgium. Immediately
after the discovery of the forgeries
it became known that M. Wilmart, a
director in the railroad, was missing.
He is alleged to have abused his po-
sition by placing the worthless scrip.
One of his accomplices, a clerk, has
been arrested, and several others dis-
appeared.M. Wilmart, the absconding director,
was conspicuous in politics and con-
trolled the liberal newspaper, La
Chronique, as well as being a direc-
tor in several banks and the owner of
glass works.

Show That Gamblers Paid Rosenthal
\$25,000 to Insure His Silence.New York, Oct. 17.—"After this is
blown over they will be giving me a
pension for killing this ———
crook, Rosenthal."These are the words attributed to
Police Lieutenant Charles Becker by
James D. Hallen, a fellow prisoner in
the Tombs, at Becker's trial on the
charge of instigating the murder of
Herman Rosenthal, the gambler who
squealed against him.Hallen was one of fifteen witnesses
who testified in the course of the day
for the state. Assistant District At-
torney Moss announced, when ad-
journment was taken at night, that he
had only one or two more witnesses
to call to complete the case for the
people.Mrs. Herman Rosenthal, widow of
the gambler, the first witness of the
day, testified that Lieutenant Becker,
her husband's alleged partner in his
gambling house, had said to her on
the occasion of a raid he had made in
the establishment: "It's either Her-
man or me."

Alleged Fake Raid.

This is the so called fake raid which
the prosecution affirms was forced on
Becker by his superior officers. Mrs.
Rosenthal testified also that when she
came to bury her husband she had
only \$100 to her name—all that had
been left her by Rosenthal. This was
a bit of testimony elicited by the state
with intent to spike the guns of Beck-
er's defense.

All manners of conveyances have served as patrol wagons in Brainerd, but it remained for Officer Hawkins to find a new one, one of John Larson's coal wagons. He arrested a drunk and disorderly man near the city scales and chartered the Larson coal wagon and drove the obstreperous individual he had taken in tow to the city lockup.

Driven by the wind, a little partidge bumped his head against a telephone pole near the home of Mr. and Mrs. Charles Miller, 313 Northeast First avenue, and then struck the screen door where he was picked up by Mrs. Miller and roasted for supper. MINNEAPOLIS LADY BADLY SCALDED WHILE COOKING

While preparing dinner a young Minneapolis wife had the misfortune to scald her hand so badly that over half the skin came off. She was alone at the time and rushed over to her neighbor's for help. This neighbor promptly applied Allen's Ulcerine Salve and in ten days the hand was completely healed without a scar.

This salve is one of the oldest remedies in America and since 1869 it has been known as the only salve powerful enough to cure chronic ulcers and old sores of long standing. Because it is so powerful, it will heal burns and scalds without a scar in a remarkably short time.

Allen's Ulcerine Salve heals from the bottom up and draws out the poisons. If applied on new cuts and sores it heals in one-third the time that common salves and liniments take.—Adv't.

CROSBY SHINES AS POTATO RAISER

George H. Crosby Raises 5000 bushels on His Experiment Farm at Crosby

FRIDAY STUDY CLUB TO MEET

C. D. Skillings, Editor Skillings Mining and Market Letter, Visits the Range

Crosby, Minn., Oct. 17—5,000 bushels of potatoes on the comparatively small tract of land at Crosby which comprises the Crosby model farm, is the work of George H. Crosby, who to his record as a successful mining man and townsite promoter, has added the distinction of making 200 or more bushels grow where formerly an acre was unproductive. A crew of men has been at work during the past week using an improved style potato digger to harvest the bountiful crop. Not alone in potatoes, but in vegetables of all kinds, fruits and grasses, Mr. Crosby is ably demonstrating to the farmers of the vicinity what Crow Wing soil can do when it is tilled in the proper manner and planted with the right seed. Mr. Crosby well realizes that mining alone never made any community really great, and that when the Cuyuna range is backed up by an intelligent farming community supplying its every want there will be such a period of prosperity and such continuance that no fluctuation in the business world can upset it. Mr. Crosby believes that all industries are correlated and none more so than agriculture and mining in Crow Wing county. Both can be made to thrive.

The first regular meeting of the Friday Study club will be held on Friday with Mrs. H. C. Bailey. The ladies are considering the matter of joining the Minnesota State Federation of Women's clubs. They have arranged a study program for the winter and will take up China in all its phases. The club is also taking an interest in the matter of establishing a library in Crosby and during the past week many of the members conferred with Miss Alice Gaylord, librarian at Duluth, who is a guest of her brother, B. B. Gaylord. A. J. Hayes is the new cashier at the First National bank. Mr. Hayes and family have arrived from LeRoy.

C. D. Skillings, editor of Skillings Mining and Market Letter, published in Duluth, was in the city and on the range gathering data for a mining review in his publication. John Gonka and J. B. Erd, Duluth business men, were at Crosby during the week, accompanied by Carl Neumann, of Minneapolis. Mr. Gonka and Mr. Erd were pleased with the range and may invest in several properties. Mr. and Mrs. S. H. Hogeden and daughter, Miss M. Irene Hogeden, of Aitkin, were guests of friends in the city.

Wm. Harrison, of Duluth, has been hunting chickens in this neighborhood.

Mr. and Mrs. A. J. McLennan and son, of Duluth, were Crosby visitors during the week.

Chester D. Tripp, of Chicago, general manager of the Rogers, Brown Ore company, was in the city Tuesday and Wednesday, returning home by way of Duluth.

The Fitzer Brewing company is building an addition to its cold storage plant which will be two stories in height.

A carload of furnaces has arrived for installation in the houses built by George H. Crosby. Williams & Reinert have opened a new grocery store in the Young block.

CAN'T DRINK ON UNCLE SAM.

Whisky, Shoes, but Not Tobacco, Stricken From Expense Bill.

Uncle Sam will not reimburse government employees for mosquito nets, whisky, shoes, clothing and medicines incident to travel, Comptroller of the Treasury Tracewell decided in passing on the expense account of Claude A. Thompson, special assistant attorney general, who made a trip into Canada for the department of justice last summer.

Tobacco is allowed. Mr. Thompson's expense account includes: One pair of shoes, \$9.50; field glasses and fly nets, \$5; whisky for use on trip, \$3; tobacco for men, \$1.

Thompson was authorized to employ guides and canoeists; but, according to the comptroller, there is no authorization for fly nets, whisky and shoes. The tobacco is allowed because it is part of the contract for guides.

SHOT IN JAW AT IRONTON

Special to Dispatch:

Crosby, Minn., Oct. 17—Emil Mattson, a Finn living in Lake View addition to Crosby, was shot in the right jaw by James Long, owner of a saloon at Iron-ton. The shooting took place Tuesday evening in Long's saloon. Mattson was accompanied by several companions and after buying a few drinks became boisterous. The bartender refused to sell any more liquor to Mattson, it is claimed, and the latter went to Long, asking for another drink. Long backed up his bartender and would sell him no more.

It is stated that Mattson made a move to pull a knife or gun from his hip pocket and Long fired to scare him, one bullet going through the ceiling and one through his hat. This did not stop Mattson's rush at Long and the saloon keeper's next shot lodged in Mattson's jaw.

The bullet was taken from Mattson's jaw by Dr. R. J. Sewall, of Crosby, and Dr. McCoy, of Iron-ton, and the wounded man was taken to the Northern Minnesota hospital at Crosby where he is resting comfortably with prospects of recovering in a short time. Mattson has been in two fights the past year, both being cutting affrays, and has the reputation of being quarrelsome. Feeling on the range is with Long and that he was justified in shooting as he did.

TO MAKE TRAVEL SANITARY.

Public Health Service to Inspect Passenger Trains and Boats.

Sherman Allen, assistant secretary of the treasury, has directed the head of the public health service to inspect the sanitary features of railroads and vessels engaged in interstate commerce. It is expected that as a result railroad trains and passenger carrying vessels in this country will be "cleaned up" where cleaning is necessary and that the government's interest in the matter will prompt the managers of railroad and water lines to fumigate at certain intervals, especially in parts of the country where there is a constant movement of persons afflicted with tuberculosis and other contagious diseases.

Under a law passed at the last session of congress the public health service has authority to make inquiries into polluted water supplies and to co-operate with other bodies in protecting the public health.

At present there is no special appropriation available to defray the cost of the inquiry. Accordingly surgeons of the public health service will be obliged to conduct this inquiry at times when orders for travel are issued for other duties.

The Dardanelles.

The Dardanelles is celebrated in ancient history on account of Xerxes and Alexander having crossed it, the former in 480 B. C. to enter Europe and the latter in 334 B. C. to enter Asia. At the point where Alexander crossed young Leander nightly swam the Hellespont to visit Hero—a feat performed in modern times by Lord Byron.

DISTRICT COURT HELD AT AITKIN

Special to Dispatch:

"CASCARETS" FOR A SICK, SOUR STOMACH

Gently but Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight, will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Adv't.

PROF. JOHNSON PREPARES PANAMA CANAL REPORT.

Figures Tolls Could Be Fixed to Bring in \$15,500,000 Annually.

Professor Emory R. Johnson of the University of Pennsylvania, who recently visited the Panama canal zone, at the instance of President Taft, to study questions of commerce and transportation, is preparing an exhaustive report for the information of the president.

One of Professor Johnson's recommendations is that the canal shall be made self supporting from the outset. He estimates the annual fixed charges at \$15,500,000. For the first decade he sets the tonnage at 10,500,000, and for the second decade at 27,000,000. With that prospective tonnage, which is based on the movements of vessels for the last fifty years, he says, it should be easy to fix tolls that would bring an annual revenue of \$15,500,000.

The canal should have its own rules for the measurements of vessels, according to Professor Johnson, and he now is at work on a system which he will recommend. He said that the net tonnage, which will be about 70 per cent of the gross, would probably be charged upon and that 2 1/2 per cent would be deducted for vessels passing through in ballast. Each 100 cubic feet probably would be reckoned as a ton, and the charges probably would be about 25 cents a hundred cubic feet.

Professor Johnson thinks that allowing American coastwise vessels to pass through the canal free is a poor sort of a subsidy, as it would reduce the tolls about \$2,500,000 a year, he says, without compensating benefit. He suggests that it would be better to give \$2,500,000 direct to selected American lines sailing from American ports.

Cause of Eczema Now Explained

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Salves have been tried but have been proven worthless, for they only clog the pores and fail utterly to remove the real cause of the disease.

These germs can be destroyed only by a wash, and unless this is promptly done, they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D.D.D. Prescription for Eczema.

We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D.D.D. Prescription.

We know many people have given up trying to find a cure for Eczema. They have tried most everything and seem to think there is nothing that will help them. Of course, we will not absolutely promise you that D.D.D. will cure you, but we are so sure of what D.D.D. will do for you, that we will give you the first \$1.00 bottle on our personal guarantee that if you do not find it does the work it will not cost you a cent.

Drop in anyway and investigate the merits of this great remedy.
